APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions: This permit is issued subject to all prior rights on the
source. It is understood that the 0.1 cubic foot of water per second
herein granted is only a temporary allowance and that the final water
right obtained under this permit will be dependent upon the amount of
water actually placed to a beneficial use. A suitable measuring device
must be installed and accurate measurements of the water placed to a
beneficial use must be included in the proof of such use when filed.
The State reserves the right to regulate the use of the water herein
granted at any and all times. It is distinctly understood that applicant
agrees to the terms herein contained.
The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 0.1
cubic foot per second.

Actual construction work shall begin on or before August 21, 1926

Proof of commencement of work shall be filed before September 21, 1926

Work must be prosecuted with reasonable diligence and be completed on or
before August 21, 1928

Proof of completion of work shall be filed before September 21, 1928

Application of water to beneficial use shall be made on or before

August 21, 1929

Proof of the application of water to beneficial
use must be filed with State Engineer on or before September 21, 1929

Proof of labor filed Sept 3, 1926

WITNESS MY HAND AND SEAL this 21st day

Cancelled because of failure of
applicant to comply with provisions of permit. of May, 1926.
